TREASURES DOWN UNDER

Nancy Shipley Cerna (booth #309)

Aboriginal art work is popular throughout the world and the oldest living ancient patterns. This tradition dates back over 50,000 years as

revealed by carbon dating of rock and cave paintings in the caves of Central Australia. Amazingly, Aboriginal artists have little or no formal art training other than what they learn from their families. Aboriginal fabrics reveal stories, symbols and may be used individually or in concert with other fabrics to create quilts, clothing and accessories, including animal portrayals. See

how your creativity can bring these unique projects to life for yourself, family and friends.
